

Temperature probes

Surface probe NiCr-Ni spiral springs

-65 ... +900 °C

Product 2130102

number:

EAN / 4066918087904

GTIN:

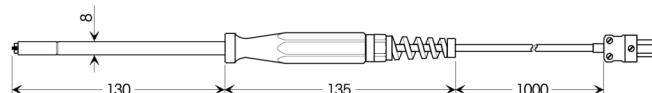

Customs 90251900

code:

Delivery Parcel delivery service

method:

Weight: 0.06kg

Product description

- Removable probe NiCr-Ni Type K
- Insulated handle
- Silicon connection cable 1m
- DIN flat connection

2130 101: Surface probe Cu tips

2130 102: Surface probe NiCr-Ni spiral springs

2130 103: Surface probe NiCr-Ni tips 90° bent

2130 104: Immersion probe V4A pipe rigid

2130 105: Immersion probe Inconel, potential free

2130 106: Insertion probe V4A pipe springy

2130 107: Insertion probe V4A pipe rigid

Delivered in individual packages

! Other special probes and thermoelement wires on request.

Technical Data

Size:	-65 ... +900 °C
Article no.:	2130102
Brand:	ULTRA
Execution:	2130 102
Measuring range:	-65 ... +900°C
Response speed:	5 sec.
Weight:	0.06kg
