

USB receiver ULTRA active for calipers No. 6850 11. and dial gauges No. 6301 1.. for No. 6850 11. and 6301 1..

Product number: 6850196

EAN / 4066918102720

GTIN:

Customs code: 84718000

Delivery method: Parcel delivery service

Weight: 0.01kg

Product description

- Bluetooth data transmission through button at sender and USB receiver
- Immediate measuring results in MS-Office (Word, Excel etc.)
- No additional software necessary
- Transmission distance up to 20m
- max. connection with up to 8 measuring devices (sender) and just one USB receiver
- LED and audible signal during data transmission

Delivered in individual packages

Operation:

1. Open MS-Excel, MS-Word, MS-Access or a text data at PC or Laptop and connect the receiver to an USB slot. Press the data button of USB receiver for approximately 3 seconds. Afterwards do the same with the sender.
2. Press the data buttons of receiver and sender together at the same time. After the LED signal stops blinking receiver and sender are paired / connected.
3. The data transmission to MS Office (Word, Excel etc.) starts immediately after pressing the data button. In case of more than one sender the measuring results are distinguishable through different sender numbers.
